azismuradovone@gmail.com

Tashkent, Uzbekistan

## Summary

Results-driven Frontend Developer with two years of hands-on experience in creating dynamic and visually appealing web applications. Proficient in HTML, CSS, and JavaScript, with a strong focus on user interface design, responsive web development, and cross-browser compatibility. Skilled in collaborating with cross-functional teams to deliver high-quality solutions that meet client and user requirements. Adept at staying current with the latest web development trends and technologies. Demonstrated ability to translate design concepts into functional, user-friendly websites, enhancing user experience and driving positive business outcomes.

---

## Experience

### UIC Group

Frontend developer, Tashkent, Uzbekistan

02/2023 - 08/2023

- Developed a landing page using Webflow, reducing the need for at least one programmer's effort and streamlining the web development process.
- Played a key role in ensuring web projects were responsive, providing a better user experience across various devices.
- Continuously improved frontend development skills, gaining a deeper understanding of HTML, CSS, JavaScript, and frameworks like Vue.js.
- Supported the QA team in testing and quality assurance efforts to identify and address issues, ensuring the final product met high standards.

### PowerData System Solutions

Web developer, Tashkent, Uzbekistan

06/2021 - 02/2023

- Collaborated with the senior development team to deliver high-quality web applications and websites that met client requirements and contributed to the successful completion of projects.
  - Assisted in optimizing code for faster loading times, which improved website performance and user engagement.
  - Actively participated in troubleshooting and resolving technical issues and bugs, contributing to smoother website operation and enhanced user satisfaction.
-
